Waterton Brass Music™

Member, Music Publishers' Association of the U. S.
www.watertonbrassmusic.com | watertonbrassmusic@gmail.com

Thanks for your interest in Waterton Brass Music, a member of the Music Publishers' Association of the United States. Custom arrangement/transcription requests are welcomed. Once you purchase music, you may copy as needed for your ensemble; however, you may never distribute or lend any music to any other person, organization, or ensemble. Like all copyright, you do not "own" the music. Be the first to send us a high-quality audio file for use on our website and receive a full refund (including shipping) for that title, plus a 5% sales commission to your ensemble for all future copies sold.

All scores provided are non-transposing (in c), unless otherwise indicated. If you require a transposed score, there is no extra charge (unless you want both) but please request this when you order (either online or on the order form). Alternate parts (eg. Baritone TC, C-Tpt) are provided at no additional charge. Substitute parts can be arranged for most Titles upon request when musically possible (eg. Horn substitute for Trombone/vice versa). Contact us for details if needed.

The following Instrumentation abbreviation is used:

1st digit = trumpet | 2nd = horn | 3rd = trombone
<dot>

4th = euphonium (baritone)/trombone | 5th = tuba/bass trombone
<plus>

T = Timpani / P = Percussion / R=Organ / H= Handbells

Thus, the code 211.01 indicates music for a brass quintet consisting of two trumpets, one horn, one trombone and one tuba. Additionally, the code 211.01+TP indicates music for brass quintet, Timpani and Percussion.

about Waterton Brass Music

Waterton Brass Music™ was established in 2007 by R. Kevin Paul. WATERTON BRASS MUSIC™ LLC was formed in 2009 and is a member of the Music Publishers' Association of the United States. WBM's mission is to provide high-quality music for brass ensembles. We aim to provide music that is practical (no E-flat trumpet parts) and accessible both to the performers and their audiences - whether it be for concerts, weddings, religious settings, graduations, or educational venues. You'll find arrangements and transcriptions of works spanning five centuries, as well as some new original music. We hope to contribute something meaningful to the brass ensemble repertoire and add something useful to your ensemble's library.

We recycle all discarded paper and ink cartridges, and use only Energy Star branded equipment. We even use rechargeable batteries in our mice and keyboards. We also provide engraving services, customized arranging and maintain an open call for submissions. See the website for details (www.watertonbrassmusic.com) or contact us by e-mail at: watertonbrassmusic@gmail.com. All of our music is engraved and typeset in Sibelius® for visual clarity and have clearly-marked measure numbers and rehearsal letters. Our parts are laser-printed on the highest quality acid-free paper.
